EVER GROW OUR PLANTS??

We sincerely believe that our plants are the sturdiest and most easily grown of any on the market, regardless of price. Customers who have never before had success with green plants, produce an abundance of fine blooms with our plants. Unlike most growers, we take only HEEL or BASE cuttings, and these are grown in cool conditions making them stocky, vigorous and sure to grow. All plants sent out are hardened outdoors—we NEVER take plants from our greenhouse to mail out. Try some of these fine, sure-to-grow plants!

FOR YOUR CONVENIENCE—

No order-sheet or envelope is necessary. Just check with a pencil the items you want from this list, fold so that our name and address appear on the outside and pin or paste closed. If more convenient, orders can be sent C. O. D., making check or money-order unnecessary; or, your remittance may be pinned hereto with safety.

If you visit the MIDWEST DAHLIA SHOW at Louisville, Kentucky, which will be held September 21st and 22nd, plan to visit our farms located just across the Ohio River—1 mile north of New Albany, on Highway No. 111. We'll be very glad to see you!

WILL YOU DO US—AND YOURSELF—A FAVOR?

PLEASE be sure, when writing us, to address your communications to KUNZMAN'S DAHLIAS, or to KUNZMAN'S INDIANA DAHLIA FARMS? This season a number of our customers have mistakenly sent their orders intended for us to another Kunzman, who has started operation in New Albany. The small, blue-covered 24-page booklet sent you earlier in the season is the ONLY price-list we issue, except a surplus folder (such as this) much later in the season if our supply of stock permits. No other folder of similar name and location is from us. We have been serving you honestly and, we feel, generously, for 26 consecutive years; so that we may continue to do so, won't you PLEASE be sure your envelope bears the correct address? Thanks!

WILL GOD REMEMBER SPRING?

By Helen Frazee-Bower

Will God remember spring this year, when
all

The world has grimmer business than to
look

On beauty? Will He let the old songs fall
From downy throats, unsheathe the icy
brook,

Splash color with divine abandonment,
Drench us with perfume? Will He think
it worth

His while to make a spring, when men
consent

Again to slaughter, and war walks the
earth?

Oh, I am starved for beauty!

Though the drum

Beat out destruction, I cannot forget
Earth's gracious green adventure, and I
come,

Heartsick to pluck one long-stemmed
violet.

Last year I found them in this very spot....
Will God remember? What if He forgot!
